CPR/AED & FIRST AID Certification

This class offers training in CPR/AED (infant/ child/ adult) and First Aid. Our blended learning approach combines self-paced review of training materials provided to you upon registration to prepare for a written test. Followed by an in-person class session where you'll practice and perform hands-on CPR skills.

To ensure readiness, registration is required at least one week prior to the class. This allows time for you to review the training materials that you will receive upon registration for the class. During the scheduled in-person session, you will first take a written test based on the learning materials you received prior, followed by a review of the test. The second part of class will focus on a skills practice and then a performance evaluation of your skills.

- Upon successful completion of the written test and skills performance evaluation, you will receive your certification card that same day!
- Note: this is not a BLS (Basic Life Support) certification course. Please call us or e-mail HSDTrainingTeam@maricopa.gov to get registered.
