**Main Identity**

The ARIZONA@WORK logo is the key component of the visual identity system. The full value of the logo as the primary company identifier is achieved only when it is used consistently across all applications.

The name ARIZONA@WORK must always be used in the provided logo format. When used in written form it should be typed in uppercase and as one word.

**Clear Space**

To ensure that the ARIZONA@WORK logo is free from distraction, a minimum amount of space must be maintained around the logo to separate it visually from other graphic elements and type. This distance is called “clear space.” The minimum clear space must be the height of “Arizona” and “Work” on all sides of the logo. The amount of clear space can be increased but never decreased.

**Minimum Size**

The logo may be scaled up as large as necessary, but should never be placed smaller than 1.25” wide on any piece. The exception is when the logo is used for specialty or promotional items. See page 4 for examples.

**Logo Variations**

The ARIZONA@WORK logos may not be manipulated in a way that changes the wording or integrity of the brand. The following logo variants may be used.

**White logos with colored map:**

Logos may be displayed in white to better suit a background. All elements of the logo must be changed to white in exception to the state outline.

This may be used with any other ARIZONA@WORK logo variant.

**Transparent logos:**

The logos may be used as transparent PNG files. When the logo is a JPEG file, the white background will always show. The transparent PNG file should be used on any marketing materials that don't have a white background.

This may be used with any logo variant as well.

**All White logos:**

The logo may be used in instances where the all white DES, ADOA and State Seal logos are used.

### Tag Line and Geographic Region Usage

The ARIZONA@WORK tag line “Innovative Workforce Solutions” is an insightful statement that helps drive the brand. All logos must include the “a proud partner of American Job center Network” tagline.

See page 3 for each regional logo.

Use these guidelines for the ARIZONA@WORK tag line:

**1** Logo + Tag Line: The main tag line is used when representing the entire state.

This logo can be used when promoting the entire ARIZONA@WORK network or its services. Examples include:

- Marketing campaigns displaying ARIZONA@WORK’s array of services
- Campaigns that include multiple ARIZONA@WORK local workforce development areas.

**2** Logo + Geographic Region: Each local workforce development area has its own logo with the geographic region listed beneath the mark. This logo version is used when representing a single region of ARIZONA@WORK.

**3** Partner Logo: This version can be provided to affiliated partners such as community colleges, libraries, community partners, parole offices, other state/county/city agencies that wish to acknowledge their relationship with ARIZONA@WORK. State of Arizona employees should use this logo when working on program specific projects (apprenticeship, reentry, TAA, etc).

**4** Supporter Logo: This version is reserved for employers, training providers, vendors, and other organizations that don’t receive direct funding from ARIZONA@WORK to provide employment services. Usage of this logo may be seen on event or marketing materials, such as flyers, banners, website pages, etc.

**4**

A PROUD SUPPORT OF

A proud Supporter of Arizona’s Workforce System

## Geographic Region Logos

Each geographic region is shown below, with tag line.

Logo + Geographic Region with AJCN tagline.

**1 Specialty Logo Usage**

In special cases, the ARIZONA@WORK logo may be used without the “Innovative Workforce Solutions” and/or “A Proud Partner of the American Job Center Network” tag lines, local workforce development area name(s), and horizontal line. Use these guidelines to determine when to use the specialty logo:

**Embroidery:** The specialty logo may be used on embroidered shirts and other clothing items where the tag line would be unreadable.

**2 Promotional Items:** The specialty logo may also be used on small promotional items such as pens, highlighters, key chains and USB drives where a tag line would not fit on the piece.

**PLEASE NOTE:** Per the federal uniform guidance, any promotional item, public outreach, or advertising cost that only promotes the non-federal entity is considered disallowed cost. To avoid this, the federal funding agency must be identified on the items or materials. For example, a funding tagline may be similar to: “Funding provided by DOL WIOA Title I program.” Please check your funding source requirements prior to having materials created.

**Signage:** The specialty logo may also be used on signage.

**3 Specialty Logo Use in Signage**

The ARIZONA@WORK logo may be used on both indoor and outdoor signs. Signs should be full-color, utilizing the Pantone colors listed on page 7.

- **Exterior:** Signage should be full-color, illuminated with LED lighting. Channel letters may be fabricated from aluminum or stainless steel. Signs may also be printed in full color on a white plexiglass substrate or in accordance with building owner specifications.
- **Interior:** Signage can be vinyl, composite, acrylic or aluminum and may be offset and backlit with LED lighting for added effect.

## Unacceptable Logo Usage

Inconsistent use of the logo weakens brand impact.

Always use approved artwork files to reproduce the logo.

Some common logo misuses are shown here:

1. Do not embellish the logo with shadows or glows.
2. Do not alter or substitute fonts within the logo.
3. Do not place patterns or images inside or on the logo.
4. Do not reproduce the one-color logo in any color except grayscale.
5. Do not skew or distort the logo.
6. Do not rearrange elements within the logo.
7. Do not separate the state from the logo.
8. No uppercase and lowercase fonts for “ARIZONA” and “WORK.”

To avoid client confusion, it is important that we use consistent language when writing or talking about our organization.

**ARIZONA@WORK** must be written as one word with all letters capitalized.

Examples of unacceptable ARIZONA@WORK verbiage:

~~arizona@work~~

~~az@work~~

~~AZ@WORK~~

~~ARIZONA@WORKs~~

ARIZONA@WORK Office types:

ARIZONA@WORK One-Stop Job Center:

Access to ARIZONA@WORK services for employers and job seekers. Some specialized services may be available for limited hours.

ARIZONA@WORK Affiliate Sites:

One or more ARIZONA@WORK services provided in a community or social service office.

ARIZONA@WORK Specialized Center:

Programs available to address specific needs and demographics which may include vocational rehabilitation, reentry, educational, youth services, and more.

## Color Breakdowns

Color is one of the cornerstones of our visual vocabulary. Only colors from the ARIZONA@WORK palette may be used for communication materials, including flyers, posters, and digital content. Please note that the colors in the ARIZONA@WORK logos may not be altered.

Below is the palette to be used for all communications.

The Pantone Matching System color breakdowns are for both coated and uncoated paper. CMYK, RGB, Web and grayscale are presented below each Pantone swatch.

## Print Specifications\*

Slight color variances may occur when colors are printed through different processes or reproduced on different media, such as coated vs. uncoated paper.

## Screen Specifications\*

Web-safe colors represent values that are available to the standard minimum Web/monitor color palette (it is much more limited than the print palette). Also note that all monitors display color very differently regardless of manufacturer or platform.

\* Do not use colors from electronic files that have been converted automatically between RGB/CMYK. Some programs do not make color conversions equal to the values specified in this palette.

Formatting Guidelines

- Use flush left/ragged right alignment.
- Use italic and boldface type sparingly, reserved only for special emphasis.
- All lowercase or all uppercase letters may be used as a special treatment.
- Avoid extreme letter spacing and/or line spacing.
- Ensure strong contrasts when using color type or type on a colored background.
- Do not angle or rotate text. Exception: Angled text may be necessary in some charts and tables.
- Avoid underlining text.

## Photography

When creating or selecting photography, it is important to keep certain elements in mind to portray the ARIZONA@WORK message authentically. Our spirit should be conveyed through photos that are simple, clear and direct; original and thought-provoking; and straightforward rather than overly manipulated or contrived.

- 1 Lighting: Bright, natural lighting without the use of special effects.
- 2 Color: Color photography is always preferred.
- 3 Subjects: Real people in very natural poses. Multi-ethnic, optimistic, personable, aspirational and engaged.
- 4 Setting: Workplace, preparing for meetings, mentoring/coaching. For outdoor shots, photos should have Arizona backgrounds, paying specific attention to foliage and architectural styles.

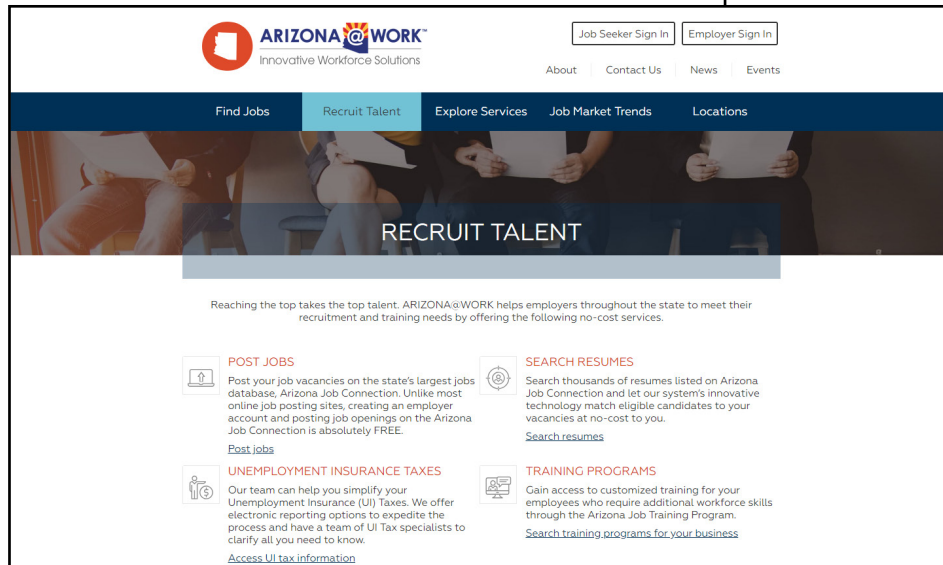

**Signatures**

We strive to use photographs of real ARIZONA@WORK recruits, staff and employers. To further personalize this style, their signatures and first names are also included with the images. Signatures should always be reversed out of color and/or photography.

## Website

Websites are one of the most powerful avenues for expressing a unified brand. Consistent application of the brand components (logo, color palette, fonts and photography) ensures that ARIZONA@WORK makes a lasting impression across all online touchpoints.

**PowerPoint Template**

PowerPoint presentation templates are specially designed to create internal and external presentations in a way that reflects our brand. The templates follow the ARIZONA@WORK brand system and include preformatted pages, including graphs and charts.

Title Page

Transition Page

Bar Chart

Pie Chart

All ARIZONA@WORK flyers and handouts (including hiring event and job fair flyers) must include the following ADA statement:

**English:**

Equal Opportunity Employer / Program • Auxiliary aids and services are available upon request to individuals with disabilities • To request this document in alternative format or for further information about this policy, contact your local office; TTY/TDD Services: 7-1-1 • Disponible en español en línea o en la oficina local. (Add last sentence ONLY if there is a Spanish version)

**Spanish:**

Programa y Empleador con Igualdad de Oportunidades • Servicios y ayudantes auxiliares para personas con discapacidades están disponibles a petición • Para obtener este documento en otro formato u obtener información adicional sobre esta política, comuníquese con la oficina local; Servicios de TTY/TDD: 7-1-1 • Available in English online or at the local office.

**Connecting People and Jobs**

**Our #1 Job Is Helping You Find a Job**  
 ARIZONA@WORK is here to help job seekers like you. We have the services and programs you need to find, prepare for and retain employment. Every day, we help people of all backgrounds pursue employment opportunities in a variety of industries statewide. So... Let's get to work!

**How We Can Help**  
 From career counseling to training and skill development, there are many ways we can help you find and prepare for the right job.

**What You Can Do**  
 View thousands of job postings and upload your resume on the state's largest workforce database, AZJobConnection.gov. At ARIZONAatWORK.com, you can see the companies we've worked with, read success stories from other job seekers, and more.

**What Jobs You'll Find**  
 You can explore a full range of job opportunities, from entry-level to highly skilled positions in diverse industries such as high-tech, manufacturing, health care and many others.

**How We Serve Veterans**  
 In partnership with the Disabled Veterans Outreach Program (DVOOP), we ensure veterans receive priority in all employment services. With local veterans employment representatives, we encourage businesses to hire veterans.

**Where You Can Go**  
 Start your own success story by finding the career center nearest you, and contact your local ARIZONA@WORK representative at www.ARIZONAatWORK.com.

Martin D. @WORK

**Services for Job Seekers**  
 Put Our Services and Programs to Work for You By:

- Posting your resume on the statewide job database
- Providing career guidance and assessment
- Matching you with job opportunities that are the "right fit"
- Preparing you with customized training, education and skills development
- Hosting hiring events where you can connect with employers
- Assisting with specialized services for veterans, job seekers with disabilities and others.

**Social Services**  
 To help with your job search and better position you for ongoing employment, we can direct you to additional services as needed.

Equal Opportunity Employer / Program • Auxiliary aids and services are available upon request to individuals with disabilities • To request this document in alternative format or for further information about this policy, contact your local office; TTY/TDD Services: 7-1-1  
 WIO-1086A-FLYENG (7-19)

Dr. Gordon G. @WORK

**Connecting Business with Job Seekers**  
 Services for Employers

**LET'S WORK TOGETHER**

ARIZONA@WORK partners with employers throughout the state to find, train and keep the right people. Visit us for business support, employee attainment and training, and much more.

**RECRUITMENT AND HIRING TOOLS**

- Post jobs on www.AZJobConnection.gov, the state's largest workforce database
- Match with job seekers that meet your hiring criteria
- Connect with skilled applicants through regular-occurring ARIZONA@WORK job fairs
- Assess prospective employees' reading, writing and computer proficiencies
- Utilize ARIZONA@WORK space to host hiring events and interview candidates

**EMPLOYEE DEVELOPMENT**

- ARIZONA@WORK will tailor-fit training for your employees
- On-the-job-training for qualified employees, with their salary partially subsidized
- Create your own Registered Apprenticeship Program to develop skilled and committed employees
- Design a customized curriculum to meet your workforce needs and supplement short-term training costs through the Arizona Job Training Program

**BUSINESS SUPPORT RESOURCES**

- ARIZONA@WORK can help make sense of the changing labor landscape with data that brings the economic and occupational picture of your market area into focus, including:
- Local and national labor market, employment and economic information
  - Population and demographic statistics
  - Industry trends and occupational outlook surveys
  - Labor law compliance updates
  - Unemployment insurance information
  - Work Opportunity Tax Credits for hiring employees from specific demographics
  - Rapid Response Services to provide companies that are downsizing or restructuring with resources and support
