COMPANY/ASSOCIATION

VENTANA MEDICAL SYSTEMS, INC.

POSITION

SENIOR DIRECTOR OF TALENT ACQUISITIONS

Tom Longstreth is the Senior Director of Talent Acquisition at Hoffmann-La Roche, responsible for leading the Talent Acquisition function for Roche Molecular Solutions business unit that includes Molecular Diagnostics, Tissue Diagnostics, Sequencing Solutions and Diagnostic Information Solutions organizations. With a focus on full lifecycle recruitment, emerging professional programs, immigration, relocation and contingent workforce it positions our organization for success in the attraction of the talent to ensure the business moves forward in achieving its goals.

An Ohio native, he holds a Bachelor of Science from Ohio University, with experience of more than sixteen years in talent attraction, for companies including JP Morgan Chase, Hewlett Packard, and Cardinal Health. He joined Roche in January 2013.
